

# 10USB

**Classe 10USB** is the most sophisticated version. New software guarantees proficient performance. Numerous functions and a new graphic display allows for rapid access and efficient programming. A true technological heart. Available in 2-, 3- and 4-group versions.

The new totally automatic iSteam wand allows milk to be heated and frothed using a mix of steam and air, to obtain a soft and remarkably compact froth. Ideal for perfect cappuccinos and milk-based beverages. Classe 10 is equipped with the innovative 4-TEA system to manage the water temperature for teas and herbal infusions. Developed by Rancilio LAB, this feature provides 4 different temperatures and programmable doses. The choice of water temperature helps bring out the best of various types of tea and infusions.

The large graphical display and new electronics system allow fast interaction with Classe 10, and provides various options for customisation. USB technology allows a rapid transfer of data to the machine's memory, be it logos, phrases, or personalised settings to suit your needs. All the profiles and beverage menus can be transferred between machines if necessary. Comfort is ensured by the innovative control panel with quick response Soft-Touch buttons.

## Classe 10USB

### Technical Features

- independent heat exchangers
- electric heating
- incorporated volumetric pump
- pump pressure gauge
- boiler pressure gauge
- automatic water level control
- electronic boiler temperature/pressure control
- multifunction onboard computer with display
- low-voltage dispensing controls (24 V)
- electric cup-warmer with 3 temperature settings

### Standard features, accessories

**STANDARD FEATURES:** 1 filter holder for 2 cups per group, 1 filter holder for 1 cup, 2 steam wands, 2 hot water dispensers, with one mixed, programmable for dosage time, coffee tamper, measuring scoop and washing disks, foot extensions.

**ACCESSORIES:** DP automatic or manual water softener, MD dosing grinder.

### Materials

housing in aluminium and stainless steel.

### Technical Data

#### 2 GROUPS

<b>dimensions (W×D×H)</b> 30.7×21.3×20.9 in (780×540×530 mm)	<b>weight</b> 165.4 lb (75 kg)	<b>boiler</b> 11 l (2.4 gal <sub>UK</sub> )
<b>boiler power</b> 3,200 W (120 V) - 4,300 W	<b>voltage</b> 120 V / 220-240 V / 380-415 V (3N)	<b>frequency</b> 50/60 Hz

#### 3 GROUPS

<b>dimensions (W×D×H)</b> 40.2×21.3×20.9 in (1020×540×530 mm)	<b>weight</b> 205.1 lb (93 kg)	<b>boiler</b> 16 l (3.5 gal <sub>UK</sub> )
<b>boiler power</b> 6,000 W	<b>voltage</b> 220-240 V / 380-415 V (3N)	<b>frequency</b> 50/60 Hz

#### 4 GROUPS

<b>dimensions (W×D×H)</b> 49.6×21.3×20.9 in (1260×540×530 mm)	<b>weight</b> 238.1 lb (108 kg)	<b>boiler</b> 22 l (4.8 gal <sub>UK</sub> )
<b>boiler power</b> 6,000 W	<b>voltage</b> 220-240 V / 380-415 V (3N)	<b>frequency</b> 50/60 Hz

### Standard

- C-LEVER**  
Ergonomic steam control
- 4-TEA**  
Temperature programming
- LOAD&SHOW**  
New graphic display
- ABM.07**  
Smart power management
- EASY FIX**  
Advanced diagnostics
- EASY CLEAN**  
Automatic washing programme
- PLUG & BREW**  
Rapid setting
- V-FLEX**  
Voltage stabilizer
- SOFT TOUCH**  
Ergonomic control panel
- ERGO-FILTER HOLDER**  
Ergonomic filter holder
- GRID SYSTEM**  
Ergonomic work surface
- CUP WARMER**  
Electric cup warmer

### On demand

- iSteam**  
Automatic steam wand
- PODS & CAPS**  
Pod and capsule adaptor
- GAS**  
Gas heating
- JUST 4 YOU**  
Create your style
